FEATURES AND BENEFITS

UPPER

- 1 Angled Dynamic Fit collar connects the lower leg and foot and contours to the shape of your ankle with its asymmetric construction.
- 2 One-piece, tongueless upper is constructed of performance mesh with a thin overlay.
- 3 Flywire cables wrap the midfoot and integrate with the laces to provide stability during lateral movement.
- 4 Aggressive allover texture provides cushioning and enhances touch.
- 5 Asymmetrical lacing system expands the ball control area and strike zone.
- 6 Interior heel counter cups your foot for a locked-down fit.

MIDSOLE

- 7 Removable foam sockliner provides lightweight cushioning.
- 8 High sidewall helps hold the heel in place during lateral cuts.

OUTSOLE

- 9 Pebax® base provides lightweight support and a responsive feel.
- 10 Chevron studs on the lateral side provide traction for acceleration, braking and lateral cuts.
- 11 Hexagonal studs on the medial side provide rotational traction.
