## FEATURES AND BENEFITS

### FABRIC

- 1 Body: Nike Flex fabric allows optimal range of motion and creates fluid lines. It uses Dri-FIT technology to pull sweat away from the skin to the surface of the fabric where it evaporates quickly to help keep you dry.

### DESIGN

- 2 Front hand pockets provide convenient storage for small items.
- 3 Perforated back hem helps enhance ventilation.
- 4 Swoosh design trademark is screen printed on the left hem.
- 5 8" inseam hits just above the knee.
- 6 Motion vents at the end of each side seam enhance ease of movement.
- 7 Elastic waistband features a highly breathable monofilament yarn with tiny spaces in the fabric for extra ventilation. It has a Nike trademark jacquard for a comfortable fit with zero distractions.
- 8 Locker loop inside of the center back offers easy post-workout drying.
